

## Health & Safety Information

### Responsibilities of Wild Workshop staff towards Pupils

Wild Workshop sessions are led by a fully trained, fully qualified, teacher with an up-to-date enhanced disclosure form. They will monitor their own work activities and take all reasonable steps to:

- Exercise effective supervision over all those for whom they are responsible, including pupils
- Be aware of and implement safe working practices and to set a good example personally. Identify actual and potential hazards and introduce procedures to minimise the possibility of mishap.
- Ensure that any equipment or tools used are appropriate to that use and meet accepted safety standards.
- Provide written job instructions, warning notices and signs as appropriate.
- Provide appropriate protective clothing and safety equipment as necessary and ensure that these are used as required.
- Evaluate promptly and, where appropriate, take action on criticism of health and safety arrangements.
- Provide the opportunity for discussion of health and safety arrangements.
- Investigate any accident (or incident where personal injury could have arisen) and take appropriate corrective action.
- Handle the animals following the correct procedure.
